LEGAL DESCRIPTION OF PROPERTY

Weston WSC has attempted to acquire an easement for a community water distribution system across your property. It is now necessary to require an easement either be granted or refused by you within thirty (30) days after receipt of this notice. Attached is Weston WSC's standard easement form. If you are not in agreement to grant easement, sign the middle portion of this document and return it to us, at which time this document will be filed in our office. Failure to return this document or the attached easement will result in a copy of this document being completed and signed by us to keep on file for future reference purposes. Failure to grant easement does not relieve Weston WSC of the obligation to serve water to the aforementioned property in the future, but does make the then current property owner, at time of application for water service, responsible for the financial burden of moving the water line from public right-of-way to private right-of-way plus any other normal charges for service. For further clarification, contact our office.

I, \_\_\_\_\_ hereby refuse Weston WSC easement for a community water distribution system on the aforementioned property.
